Solutions

Procurement

Unmatched buying power for your fleet, your warehouse, and your everyday business needs.

When you manage procurement effectively, you boost savings, innovation, and growth. With over 135 supplier programs in more than 100 categories across 1400 customers, we provide the tools, insight, and procurement expertise to help drive your business forward.

- Save up to 20% annually on your fleet parts and services.
- Drive down your total cost of ownership with fleet planning and financing.
- Save up to 35% on warehouse equipment and lift parts and suppliers.
- Get control of your indirect spend to minimize cost, simplify processes, and gain visibility.

More Than Your Typical GPO

Our Fleet Procurement Services couples unmatched buying power with a fully-electronic invoicing system that removes friction, confusion, and poor visibility from the purchasing process, so you can focus on managing your business—instead of purchasing headaches.

Spend less on the goods and services your business needs with Corcentric.

Solutions

Payables Automation

End-to-end accounts payable automation for 100% of your spend.

Remove the manual processes for 100% of your invoices and 100% of your payments—less cost, more insight, and fewer headaches.

Manual-intensive processes reduce your business' profitability. Automating your payables will let you manage your AP processes with ease, speed, and greater savings to improve your bottom line.

Corcentric's Payables Automation Solution:

- Streamlines incoming invoices and standardizes the coding and approval workflow so your AP teams can move invoices from receipt to payment, faster and with fewer errors.
- Provides visibility into 100% of your PO and non-PO spend so your accounting teams can get ahead of budget discrepancies and close the books faster.
- Automates the payments process and eliminates manual check runs so your finance teams can focus on strategy and analysis for business growth instead of administrative burden.

Accelerate your payables with Corcentric.

Solutions

Billing Solutions

Sophisticated receivables and transaction management for complex billing networks.

Most B2B transactions have a complexity problem—whether you're a manufacturer experiencing strained cash flow or a GPO faced with challenges managing member transactions. Corcentric cuts through these complexities by simplifying receivables and transaction management processes.

Reduce the friction and pain between your dealer/distributor network and your customers.

- Stronger business for network sellers
- Consistent pricing
- Reduced operating costs
- Sales intelligence insight

Drive more value for your GPO members by simplifying their transactions.

- Real-time visibility into member purchasing patterns
- Grow your membership base with less administrative burden

Corcentric will streamline your complex processes with:

- Transaction Management
- Credit Issuance + Management
- Payment Management
- Collections Management
- Invoice Dispute Management
- Business Intelligence

**Simplify your billing processes
with Corcentric.**
