

# Build & Scale Your Agile Talent Network

One platform to hire, onboard, manage and compliantly pay independent contractors

## Organize

Group and categorize your workers by their skills, location, experience and have a single source of truth for your agile workforce.

## Onboard

Fully automate your onboarding process and move workers along the onboarding lifecycle.

## Compliantly Engage

Easily route engagements to your contractors. Know the status of every milestone and the spend on every project – all in real time.

## Common Challenges

-  Trying to find the right person for the job
-  Use of outdated spreadsheets to track contractors
-  Slow to onboard and engage

## Solutions

-  Fast and reliable search
-  Modern system of record for your contractors
-  World class on-boarding and contractor dashboard

“  
Adopting Shortlist as our freelancer management software has been instrumental to becoming more efficient as a team.”
